Comprehensive and up-to-date information relating to different sectors of economy is an important input for policy formulation and planning. This publication aims at providing the basic statistics pertaining to different sectors of State and Indian economy. Part – I gives data on key items for 16 different sectors of State Economy for the latest available year along with related data for previous years. The comparative data on important socio-economic indicators under various sectors of development of Gujarat State and All India are given in Part – II.

It is hoped that the publication will be useful as a source of ready reference to those who are interested in studying the key socio-economic indicators of the State and the Country.

Suggestions towards improvement in scope and contents of this publication are welcome.
